**Vote
Kentucky!**

The best way to prepare Kentucky students for the modern economy is a strong, content-rich, basic education for every child.

Leaders should make reforming Kentucky's antiquated tax system a top priority.

In Kentucky schools, women should compete against biological women (not biological men who identify as women) in athletic contests.

Kentucky should pass legislation raising the minimum wage.

The state should acknowledge global warming and work to limit Kentucky's contribution to it.

The state should stop U of L's partnership with Louisville's oldest abortion clinic.

Public schools should allow students to use bathrooms and locker rooms in accordance with their chosen gender identity.

A tuition tax-credit system should be established for needy students wanting to go to non-public schools.

To reduce teen pregnancies, minors should have access to contraception without parental knowledge.

Kentucky should legalize recreational marijuana.

The legislature should pass a statewide "Fairness Ordinance."

Churches and religious groups must be protected from state discrimination on the basis of their beliefs about marriage and sexuality.

**About the Kentucky
Candidate Information
Survey (KCIS) . . .**

• The purpose of the **KCIS** is to reliably report candidates' views to voters in order to improve:

- 1) voter knowledge of the candidates;
- 2) voter participation; and
- 3) the quality of the democratic process.

• The **KCIS** is designed to neutrally, yet concisely, report the candidates' views in their own words on a broad range of issues. Each candidate was asked to respond to the assertions listed and was given 20 words to qualify his or her response. This issues-only, head-to-head approach avoids pushing a particular agenda, but at the same time, cuts through the political rhetoric often found in campaign literature.

• The **KCIS** is a non-partisan project of the Family Trust Foundation of Kentucky, a non-profit educational organization incorporated in order to encourage and strengthen families in our state. Encouraging responsible citizenship and increasing voter participation are two of its objectives.

• For more information on the **KCIS**, call (859) 255-5300 or for more information on the candidates, visit:

Special Thanks to the Candidates . . .

We want to thank all the candidates who participated in the **Survey** and all those who considered our invitation but chose not to respond. We are grateful to everyone who stepped forward to offer their leadership by running for office in our great Commonwealth.

To Kentucky citizens . . .

We trust that you, as a citizen of Kentucky, have been served by this endeavor and that you will in turn serve your community by voting your conscience on **Tuesday, June 23**.

To protect the poor, the state should act to curb exorbitant interest rates charged by payday lending companies.

Personal and creative service businesses should not be forced to produce goods or services that violate their rights of conscience.

Illegal immigrants should be prohibited from obtaining driver's licenses and other government documents.

Recent school shootings prove that we need more restrictive gun laws.

Because they leave children sterile for life, transgender surgeries and hormone treatments on minors should be banned.

Schools should familiarize students with all sides of debates on issues like evolution and global warming.

Kentucky should pass expanded gambling legislation to fund state pensions.

University of Kentucky's tuition is now several times higher than in 2002. All state college tuition increases should be limited.

List your top three priorities should you be elected.
