Vote Kentucky!

The best way to prepare Kentucky students for the modern economy is a strong, content-rich, basic education for every child.

"AGREE. Education is more than academic knowledge; I affirm experiential learning/processing and learning specific skills as well as academics."

Leaders should make reforming Kentucky's antiquated tax system a top priority.

"AGREE."

In Kentucky schools, women should compete against biological women (not biological men who identify as women) in athletic contests.

Candidate chose not to participate.

"STRONGLY AGREE. While there is no judgment for feeling/being transgender, it is unfair to allow the genetic advantage of being biologically male."

Kentucky should pass legislation raising the minimum wage.

"_____. Living wages are important, but, wages should be earned based on education/skills/qualifications. Blanket minimum wage raise could eliminate entry-level jobs."

The state should acknowledge global warming and work to limit Kentucky's contribution to it.

"_____. If any steps were to be taken, they should be practical/reasonable & based on science/facts and not a political agenda."

The state should stop U of L's partnership with Louisville's oldest abortion clinic.

"STRONGLY AGREE. Current practices violate the law of no tax-payers dollars supporting abortion."

Public schools should allow students to use bathrooms and locker rooms in accordance with their chosen gender identity.

"DISAGREE. One cannot choose their gender; it is biological. If accommodations need to be made they need to be discreet and practical."

A tuition tax-credit system should be established for needy students wanting to go to non-public schools.

"_____. I support a scholarship tax credit funded by businesses."

To reduce teen pregnancies, minors should have access to contraception without parental knowledge.

"STRONGLY DISAGREE."

Kentucky should legalize recreational marijuana.

"DISAGREE."

The legislature should pass a statewide "Fairness Ordinance."

"DISAGREE. I believe we need conversations and make common sense changes if needed."

Churches and religious groups must be protected from state discrimination on the basis of their beliefs about marriage and sexuality.

"STRONGLY AGREE."

About the Kentucky Candidate Information Survey (KCIS) . . .

• The purpose of the **KCIS** is to reliably report candidates' views to voters in order to improve:

- 1) voter knowledge of the candidates;
- 2) voter participation; and
- 3) the quality of the democratic process.

• The **KCIS** is designed to neutrally, yet concisely, report the candidates' views in their own words on a broad range of issues. Each candidate was asked to respond to the assertions listed and was given 20 words to qualify his or her response. This issues-only, head-to-head approach avoids pushing a particular agenda, but at the same time, cuts through the political rhetoric often found in campaign literature.

• The **KCIS** is a non-partisan project of the Family Trust Foundation of Kentucky, a non-profit educational organization incorporated in order to encourage and strengthen families in our state. Encouraging responsible citizenship and increasing voter participation are two of its objectives.

• For more information on the **KCIS**, call (859) 255-5300 or for more information on the candidates, visit:
